o Process Details:

1. The nomination period will be announced.

i. During the nomination period, we will ask interested players to write to us at wcoop@pokerstars.com, nominating the types of Events they would like to see in Event 48 and Event 50. We will limit the nominations to two per player.

2. Once the nomination period is over, we will count up the nominations and create tournaments representing the top nominations.

3. The top nominated Event types will be placed into Voting Booth tabs in the PokerStars client, under the WCOOP tab.

4. We will announce that voting is open. Players will vote for their favorite tournament among those in the Voting Booths by registering for the tournaments among those in the Voting Booths, which will each have a buy-in of \$215.

i. Players will each only be able to register for one tournament per Voting Booth.

5. After a period of one week, voting will close and the Events with the highest numbers of registered players will have won.

6. The formats of the winning Events will become the formats for Events 48 and Event 50, respectively.

7. The Voting Booth tournaments will be destroyed and all of the buy-ins used to vote will be returned to all players.

• Event 49 will be the first three-part Mix-Max Event in our Championship history, as players go from 8-Max, to 4-Max, to Heads-up!
